10.3. THE POSTMAN AND THE DOG Change the text from the present tense into the past tense:

had

I have a job as a postman for a short time. There is a lot of trouble, because I am afraid of dogs.

One day, I try to deliver a postcard to a big house. When I get off my bike I hear a terrible noise and at once a large dog runs towards the gate. It barks loudly, and runs along the fence. I don't know what to do. In the end I drop the card in the garden. The dog picks it up immediately and carries it into the house. The dog is a better postman than I am.
